Dear Sir:

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicants hereby
notify the U.S. Patent and Trademark Office of the documents that are listed on the attached

04/05/2006 CNGUYEN2 00000098 10784791

01 FC:1806

180.00 DP

Form PTO-1449 and/or listed herein and which the Examiner may deem material to patentability of the claims of the above-identified application.

One copy of each of the listed documents, other than any U.S. patents and publications, is submitted herewith.

Each item of information contained in the Information Disclosure Statement was first cited in a communication from the Japanese Patent Office that issued on February 6, 2006 for the corresponding Japanese patent application, which is less than three months from the filing date of this Information Disclosure Statement.

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicants submit the following explanations:

A partial English translation, submitted herewith, constitutes a concise statement of relevance for Japanese Unexamined Patent Publication No. 2003-16415.

Although Japanese Examined Patent Publication No. 7(1995)-2525 was submitted to the U.S. Patent and Trademark Office on an Information Disclosure Statement dated February 24, 2004, a partial English translation thereof, submitted herewith, is being submitted because this portion of the publication was referred to by a third party in the related Japanese patent application and therefore constitutes a concise statement of relevance.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicants do not waive any right to take action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

A check for \$180.00 in payment of the fee required under 37 C.F.R. § 1.17(p) is enclosed. The Commissioner is authorized to charge any additional fee occasioned by this paper, or credit any overpayment of such fees, to Deposit Account No. 50-0320.

Respectfully submitted,
FROMMER LAWRENCE & HAUG LLP
